Driveway Permit Application - Residential

Review Land Development Regulations (LDR) subsection 6.5(C) Driveway Access for a list of rules/regulations/requirements regarding driveway connections prior to submitting an application.

IMPORTANT NOTE: No pouring of concrete may occur without first inspection and approval from the City of Wildwood Public Works Department. Should any pour be completed prior to inspection and approval by a City staff member, the applicant shall bear sole responsibility for the removal and replacement of the poured concrete if it is not verified to meet the specified standard.

Required Submittal Items: All documents listed below can be submitted electronically in PDF format.
***There is no fee for this permit application ($35 fee charged if not submitted with site plan)**
NOTE: An application is required for each driveway connection to a City-maintained roadway.

ITEMS REQUIRED AT THE TIME OF APPLICATION

Attach a site plan showing all structures and parking. Driveways must be poured to a thickness of no less than six inches (6") from the roadway to the property line; have an apron at least ten feet (10') wide; and have a three foot (3') flair at the roadway connection. Failure to include these specifications on your plans will result in your application being denied.

- ☐ Driveway Permit Application*
- ☐ Site Plan showing all structures and parking.

Required Documents & Fees
The required submittal items listed above must be included when submitting the application package. Failure to include the above supporting documentation will delay processing of your application package.

Property Owner Signature: _____ Print Name: _____ Date: _____

NOTE: Application MUST be signed by the Property Owner, or an appropriate authorization from the Owner must be provided at the time of application.
