

City of Wildwood  
Water & Wastewater Capacity

**Water**

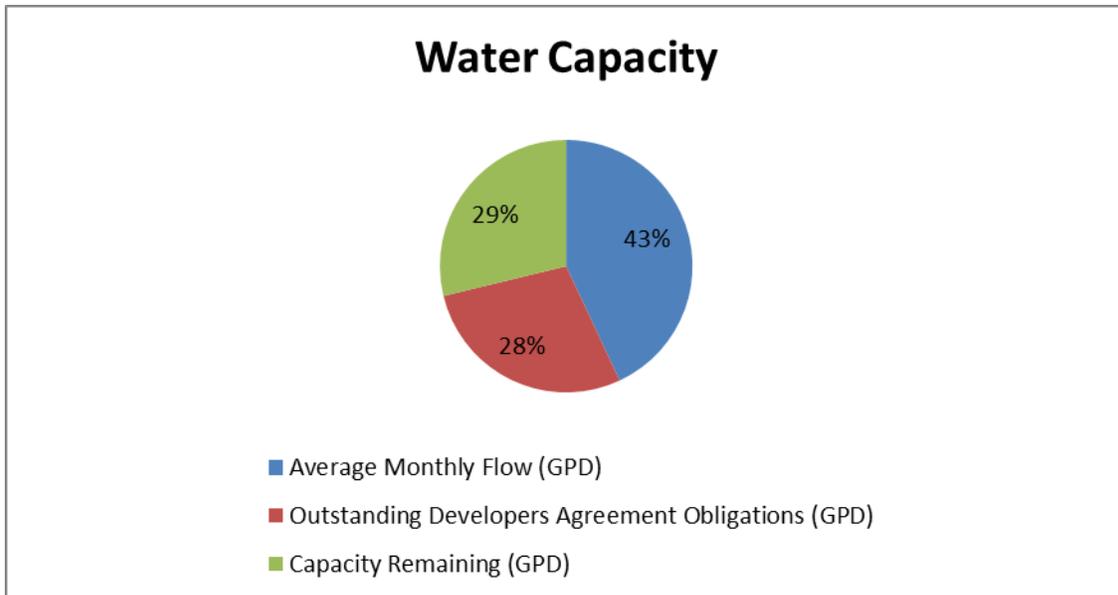

The table and graph below illustrate the City of Wildwood’s current availability of municipal water. After taking into account the current FDEP Treatment Capacity, the current Average Monthly Flow, and the City’s outstanding Developers Agreement obligations it is estimated that the City of Wildwood currently has an available capacity of 1,368,334 GPD, equal to 4,561.1 ERU’s.

The outstanding Developers Agreement obligations include 32 projects that fall within one of three categories:

1. Has not begun development
2. Has partially completed development, thus using a portion of their reserved ERU demand
3. Has recently finished development but is not currently included in the AMF

Please see the attached spreadsheets for additional data on outstanding Developer’s Agreements.

<b>WATER CAPACITY</b>	
FDEP Treatment Capacity (Water GPD)	4,752,000
Average Monthly Flow (GPD)	2,045,291
Outstanding Developers Agreement Obligations (GPD)	1,338,375
Capacity Remaining (GPD)	1,368,334
Capacity Remaining (ERU's)	4,561.1

## Wastewater

The table and graph below illustrate the City of Wildwood's current treatment capacity for municipal wastewater. After taking into account the current FDEP Treatment Capacity, the current Average Monthly Flow, and the City's outstanding Developers Agreement obligations it is estimated that the City of Wildwood currently has an available capacity of 1,029,675 GPD, equal to 4,118.7 ERU's.

The outstanding Developers Agreement obligations include 32 projects that fall within one of three categories:

1. Has not begun development
2. Has partially completed development, thus using a portion of their reserved ERU demand
3. Has recently finished development but is not currently included in the AMF

Please see the attached spreadsheets for additional data on outstanding Developer's Agreements.

<b>WASTEWATER CAPACITY</b>	
FDEP Treatment Capacity (Wastewater GPD)	3,550,000
Average Monthly Flow (GPD)	1,405,950
Outstanding Developers Agreement Obligations (GPD)	1,114,375
Capacity Remaining (GPD)	1,029,675
Capacity Remaining (ERU's)	4,118.7
