

### Get Connected!

As part of the City's overall effort to enhance government communication and keep our citizens informed, we bring you the latest installment of our citizens' newsletter – "Wildwood Connection." Interested in signing up to receive this and other notifications via email? Visit our website at [www.wildwood-fl.gov](http://www.wildwood-fl.gov), click the "Notifications" button, and select which newsletter(s) you're interested in. Then, simply enter your email, click "Subscribe," and any time we have important news to share, you'll receive it right in your inbox!

# WILDWOOD CONNECTION

# Summer in the City

The City of Wildwood Parks & Recreation Department hosted its annual Summer Camp. The campers took a field trip to the Orlando Science Center, took a dip in one of the local swimming pools, got creative by making arts and crafts, and did some taste-testing at the Ice Cream Social event. Campers also participated in outdoor activities, such as basketball, kickball, and cornhole at Clarke Park.

## Helping Hands

The City of Wildwood's Code Enforcement division teamed up with Humanitarian Experience for Youth (HEFY) to offer services to residents' homes throughout the city. A fresh coat of paint and a smile ruled the day for the City's helpers!

# Our City in the Spotlight

## Happy Birthday America

Not even Mother Nature could stop the City from hosting its annual Fourth of July event. Citizens got a closeup view of the light show at Millennium Park.

## Happy Trails, Barry

The City of Wildwood Police Department's K-9, Barry, officially retired from the City on August 9. The nine-and-a-half-year-old dog was given a plaque to commemorate the occasion. Sergeant Parrish (pictured) formally adopted his K-9 partner at a City Commission Meeting.

## Rejuvenated

The Public Works Department continues its progressive pavement management program with a proactive treatment approach. The program treatment preserves and extends the life of the roadway network.

## Pack the Cruiser

The Police Department and Walmart teamed up for the "Pack the Cruiser" event at the Oxford Walmart. School supplies were purchased and donated to Wildwood Elementary School.

## Coming Soon: A New Look

The City recently obtained multiple buildings in poor condition on Main Street in an effort to support the Downtown Master Plan. The mission of the Master Plan is to create an attractive, inviting downtown for residents and visitors to enjoy.

## What else is happening in the City?

- The Utilities Department has purchased a Trimble GPS Unit for updating system maps.
- The City has rehabilitated 60 manhole covers in Wildwood this year.
