FDEP Utility Clearance Procedures

Note: Please include all of the items below. If any of the items do not apply to your project, please write "N/A" and explain in the notes section below. Failure to submit this checklist with your clearance package will result in a delay in processing.

Potable Water Clearance

The following items are required to be submitted to the City in one complete package:

- Two (2) hard copies of as-built drawing of system components to be cleared.
- Two (2) copies of passing pressure test results.
- Two (2) hard copies of unexpired passing bacteriological laboratory test results.
- One (1) original copy of FDEP Certification of Construction Clearance form signed by all parties except the City of Wildwood
- Three (3) CD copies of all above materials with digital files in PDF and DWG format

Following review of the above items by the City Engineer, the FDEP clearance forms will be executed by the Utilities Director and returned to the Engineer of Record for submittal to FDEP.

Sanitary Sewer Clearance

The following items are required to be submitted to the City in one complete package:

- Two (2) hard copies of as-built drawing of system components to be cleared.
- Two (2) copies of passing pressure test results.
- Two (2) hard copies of lift station start up results
- Two (2) hard copies of O&M manuals (as applicable)
- One (1) original copy of FDEP Certification of Construction Clearance form signed by all parties except the City of Wildwood
- Three (3) CD copies of all above materials with digital files in PDF and DWG format

Following review of the above items by the City Engineer, the FDEP clearance forms will be executed by the Utilities Director and returned to the Engineer of Record for submittal to FDEP.
